Introduction

BACKGROUND TO THE CATALOG

In response to increasing interest in the effect of mandates on localities, the 1993 General Assembly enacted legislation directing the Commission on Local Government to compile and annually update a catalog of State and federal mandates imposed on the Commonwealth's local governments, including, where available, a summary of the fiscal impact of any new mandates.¹ This 2002 edition of the catalog published by the Commission on Local Government includes mandates identified as of December 2001.² As in previous years, the Commission examined all legislation passed by the 2001 General Assembly session, surveyed executive branch agencies, and contacted the local government associations (the Virginia Association of Counties and the Virginia Municipal League) for information on new mandates and mandates not previously identified.

In the development of this document, the Commission adhered to the definition of “mandate” originally adopted by the Joint Legislative Audit and Review Commission (JLARC) which defines a mandate as a State or federal constitutional, statutory, or administrative action

¹ Code of Virginia § 15.2-2903(7).

²As was the case with previous editions, this most recent update is founded upon the prior research of the Joint Legislative Audit and Review Commission published in its two catalogs of mandates: the 1992 study, Catalog of State and Federal Mandates on Local Governments (H. D. 53/1992) and the 1993 Update: Catalog of State and Federal Mandates on Local Governments (H. D. 2/1994; hereinafter referred to as the 1993 Update).

that places a requirement on local governments.³ This definition encompasses three categories or types of mandates: compulsory orders, conditions of financial aid, and the regulation of optional activities. Under this classification scheme, “compulsory orders” require local government compliance regardless of receipt of aid or other circumstances. Mandates termed “conditions of financial aid” require compliance only if the locality accepts the State or federal assistance in question. Finally, mandates classified as “regulation of optional activities” result from State or federal regulation of activities that local governments undertake voluntarily.

ASSOCIATED STATE OVERSIGHT OF MANDATES

In addition to requiring that mandates be cataloged, the General Assembly has taken several other steps to monitor the effects of mandates on Virginia’s local governments.⁴ For example, the legislature has directed the Division of Legislative Services to refer to the Commission on Local Government any bills introduced in the General Assembly that may require one or more local governments to render a new service or expand an existing service, or require a net reduction in revenues by any county, city, or town.⁵ The Commission on Local Government must then conduct an investigation of such bills and prepare fiscal impact estimates to be filed with the Clerk of the House of Delegates for distribution to legislators considering

³1993 Update. It is important to note that, as a result, this catalog does not include those requirements imposed on local governments by judicial decision nor by burden resulting from a reduction of State or federal financial assistance without a corresponding decrease in required services, which arguably also constitute mandates that can significantly affect localities.

⁴ For a complete listing of the Virginia statutes regarding mandates on localities, see Appendix E.

⁵ Code of Virginia § 30-19.03.

those measures. These fiscal impact statements alert legislators to any adverse fiscal impacts that might result from the proposed legislation.

Further, in order to examine the fiscal as well as other impacts of existing mandates on localities, all State executive branch agencies are required to review periodically the mandates on local governments that they administer, and to report which, if any, might be altered or eliminated without interruption of local service delivery or undue threat to the health, safety, and welfare of citizens of the Commonwealth.⁶ However, no mandate may be required to be reassessed by the administering agency more than once every four years. The Commission on Local Government is responsible for coordinating the scheduling of the assessments and for notifying the Governor and the General Assembly when an agency assessment recommends the alteration or elimination of a mandate.

The assessment of mandates by executive agencies is governed by Executive Memorandum 1-98 (EM 1-98) that took effect in October 1998, superseding EM 5-94 which had guided the assessment process from its inception.⁷ Mandates adopted subsequent to the publication of JLARC's 1993 Update and those mandates in existence when the 1993 Update

⁶ Code of Virginia §§ 2.2-613 and 15.2-2903(6).

⁷Under the provisions of EM 5-94, agency assessments of mandates were to be conducted in two phases, the first ending March 31, 1995, and the second ending June 30, 1996. By the end of the second phase, all mandates identified in JLARC's 1993 Update and administered by executive branch agencies had been assessed. A parallel assessment process is also under way by which executive branch agencies will critically review their existing and proposed regulations. See Executive Order 24-98 ("Review of Emergency Regulations Proposed by State Agencies"), Executive Order 25-98 ("Development and Review of Regulations Proposed by State Agencies"), and Code of Virginia § 2.2-4007 (economic impact analysis of proposed regulations). The Department of Planning and Budget is responsible for conducting fiscal impact analyses, for reviewing agency assessments, and for making recommendations to the Governor regarding the regulations.

was published but not identified at that time have been scheduled for assessment during periods after July 1, 1996.⁸ To that end the Commission on Local Government annually establishes a schedule for the assessment of those new and previously unreported mandates. In any case, no mandate becomes subject to assessment until it has been in effect for at least twenty-four months.

Finally, by action of the 1996 General Assembly, the Virginia Advisory Commission on Intergovernmental Relationships (ACIR), upon the request of the Virginia Association of Counties, the Virginia Municipal League, or any local governing body, may review the cost estimates prepared by the Commission on Local Government in its annual assessment of fiscal impact bills as well as any executive agency assessments of mandates. The ACIR must report annually its findings, if any, to the Governor and the General Assembly.⁹

ORGANIZATION OF THE CATALOG

Generally

The 2002 edition of the catalog provides an inventory of all the State and federal mandates on local governments in Virginia that had been identified as of December 2001. The catalog is organized into two parts. Part A contains those mandates administered by the executive agencies of the Commonwealth, and Part B lists the remaining mandates which either

⁸ As of December 18, 2001, 656 approved executive agency assessments (first- and second-time) were filed with the Governor and the General Assembly. Those filings included 100% of those mandates in existence at the commencement of the assessment process in 1994. Consistent with § 15.2-2903 of the Code of Virginia and Executive Memorandum 1-98, which authorize the reassessment of mandates after a four-year period, the Commission began the administration of a second round of assessments early in 1999.

⁹ Code of Virginia § 2.2-2507.

are administered by nonexecutive agencies or exist without State administrative oversight. In all, 537 mandates are included in the catalog. Of the total, 444 mandates subject to critical review by executive agencies are included. This represents a net increase of 9 reviewable mandates (2.1%) over the 435 such mandates listed in the 2001 edition. Much of this increase is due to legislated programs not previously reported.¹⁰

Part A

Part A of the catalog lists those mandates administered by executive branch agencies and subject to assessment pursuant to the provisions of EM 1-98. They are cataloged according to administering agency. Each mandate has a separate entry containing standardized data, including a short title; a unique code number; a brief description of the mandated action; identification of the type of mandate; the name of the administering agency and the relevant secretariat; the statutory, regulatory, or constitutional authority on which the mandate is based; the mandate assessment period, if applicable; the assessment finding, where available; and additional applicable comments.¹¹

¹⁰ See Appendix B, Changes in Mandates Since Issuance of 2001 Catalog of State and Federal Mandates on Local Governments.

¹¹ Code numbers for mandates administered by executive agencies and subject to assessment are derived from the official abbreviations for the secretariat, followed by the official abbreviation for the administering agency and a three-digit number. Mandates not subject to review are identified as follows: judicial branch mandates begin with the letters “JUD,” followed by the official abbreviation for the appropriate court, and a three-digit number; legislative branch mandates begin with the letters “LEG,” followed by the official abbreviation of the agency, and a three-digit number; independent agency mandates begin with the letters “IND,” followed by the official abbreviation for the agency, and a three-digit number; mandates without State oversight begin with the letters “NSO,” followed by a three-digit number.

Part B

Part B lists those mandates not subject to assessment because they are administered by nonexecutive branch agencies or because there is no State administrative oversight of the required action. Each entry for the mandates listed in Part B includes the same general information as those in Part A, but in this section references to the secretariat, assessment period, and assessment finding have been omitted.

Appendices

Detailed supplementary materials are provided in the appendices. Appendix A includes a copy of EM 1-98 which governs the mandates assessment process and contains a sample of the standardized format agencies are required to follow in conducting their assessments. Appendix B provides a separate listing of the changes in mandates since the publication of the 2001 edition: (1) new mandates, (2) newly identified mandates, (3) those mandates which have been expanded, (4) mandates which have been eliminated, and (5) other changes.¹² Appendix C provides a separate listing of the principal federal mandates that affect Virginia's localities, with a brief description of the mandate and a listing of the authorizing measure. Examples of all of these federal mandates can be found with complete entries in Parts A and B of the catalog. Appendix D provides a table showing the number of mandates by type and by administering agency and secretariat. Finally, Appendix E includes a summary of the provisions of the Code of Virginia that apply to mandates, followed by the precise wording of the statutes.

¹² Expanded mandates are those which, by legislative action, have been broadened with respect to the requirements placed on local government.

Indices

Two indices are provided to help the reader find information easily. The first, which precedes the introductory materials, lists each mandate by administering agency, short title, and page number. The second, found at the end of the volume, provides key word guides to the relevant entries and page numbers in the catalog.

Part A

Mandates Administered by State Executive Agencies

Catalog of State and Federal Mandates on Local Governments—2002

Part A of the catalog lists those mandates administered by executive branch agencies and subject to assessment pursuant to the provisions of EM 1-98. They are cataloged according to administering agency. Each mandate has a separate entry containing standardized data, including a short title; a unique code number; a brief description of the mandated action; identification of the type of mandate; the name of the administering agency and the relevant secretariat; the statutory, regulatory, or constitutional authority on which the mandate is based; the mandate assessment period, if applicable; the assessment recommendation or finding, where available; and additional applicable comments.

Local governments electing to generate, transport, and/or treat, store, or dispose of regulated medical waste must meet certain minimum regulatory standards. Generators must ensure that their regulated medical waste is appropriately handled, and transporters must be registered with the Department of Environmental Quality. Medical waste treatment, storage, or disposal facilities require permits.

Type: Regulation of Optional Activity
Agency: **Department of Environmental Quality**
Secretariat: Natural Resources
Authorization: Code of Virginia § 10.1-1402; Virginia Waste Management Board Regulation 9 VAC 20-120-10

Last Assessment Period: 3-1-2001 through 4-30-2001
Last Assessment Finding: Alter.
Current Assessment Period:
Comment: Not currently scheduled for reassessment.

Hazardous Materials Transportation

SNR.DEQ018

Local governments electing to transport hazardous materials in excess of specified levels must follow the federal safety requirements for interstate transportation. Hazardous materials must be properly packaged and labeled, and transport vehicles must bear placards to identify the hazard associated with the materials. Drivers of hazardous materials vehicles must have a commercial driver's license and a hazardous materials certification from the Department of Motor Vehicles.

Type: Regulation of Optional Activity
Agency: **Department of Environmental Quality**
Secretariat: Natural Resources
Authorization: Code of Virginia §§10.1-1450 et seq.; Virginia Waste Management Board Regulation 9 VAC 20-110-10; Hazardous Materials Transportation Act of 1990 § 19 (Fed.); 49 CFR 107, 171 through 180, 383, 390 through 397 (Fed.)

Last Assessment Finding: Retain.
Current Assessment Period:
Comment: Not currently scheduled for reassessment.

Virginia Pollution Discharge Elimination System Permit

SNR.DEQ020

Local governments that operate wastewater treatment facilities or have any other point source discharges to surface waters are required to have a permit authorizing the discharge from the facility into surface waters. The permit imposes controls on the quality of the discharge to ensure compliance with water quality standards, requirements for monitoring the discharge, and reporting of the results.

Type: Regulation of Optional Activity
Agency: **Department of Environmental Quality**
Secretariat: Natural Resources
Authorization: Code of Virginia § 62.1-44.15 et seq.; 9 VAC 25-30-10; 9 VAC 25-110-10; 33 USC 1251 et seq. (Fed.); Clean Water Act § 402 (Fed.); 40 CFR 122 - 124 (Fed.)

Last Assessment Period: 7-1-2001 through 9-30-2001
Last Assessment Finding: Retain.
Current Assessment Period:
Comment: Not currently scheduled for reassessment.

Virginia Water Protection Permit

SNR.DEQ021

Local governments that intend to conduct in navigable waters any activity that requires a federal permit must obtain certification from the State that the activity will not violate the State's water quality standards. The certification applies to numerous types of activities such as dredging, building docks, developing water intakes, drainage or excavation of non-tidal wetlands, etc., and is granted through a Virginia Water Protection Permit that may contain special conditions necessary to protect water quality.

Type: Regulation of Optional Activity
Agency: **Department of Environmental Quality**
Secretariat: Natural Resources
Authorization: Code of Virginia § 62.1-44.15:5; 9 VAC 25-210-10; 33 USC 1341 (Fed.); 40 CFR 121 (Fed.)

Last Assessment Period: 7-1-2001 through 9-30-2001
Last Assessment Finding: Retain.
Current Assessment Period:
Comment: Not currently scheduled for reassessment.

Virginia Pollution Abatement Permit

SNR.DEQ022

Local governments that operate facilities that have the potential to discharge into State waters but are not actually a point source discharge are required to obtain a Virginia Pollution Abatement Permit. These permits contain requirements specific to the operation and include monitoring and reporting requirements. The types of operations that may be required to obtain a Virginia Pollution Abatement permit are land application of sludge or land treatment of wastewater.

Type: Regulation of Optional Activity
Agency: **Department of Environmental Quality**
Secretariat: Natural Resources
Authorization: Code of Virginia §§ 62.1-44.15, 62.1-44.18; 9 VAC 25-30-10 et seq.; 33 USC 1251 et seq. (Fed.); Clean Water Act § 402 (Fed.); 40 CFR 122 - 124 (Fed.)

Last Assessment Period: 7-1-2001 through 9-30-2001
Last Assessment Finding: Retain.
Current Assessment Period:
Comment: Not currently scheduled for reassessment.

Ground Water Withdrawal Permit

SNR.DEQ023

Local governments that withdraw for any purpose ground water in excess of 300,000 gallons per month in a ground water management area are required to obtain a permit prior to the withdrawal. The permit imposes maximum withdrawal amounts and monitoring and reporting requirements.

Type: Regulation of Optional Activity
Agency: **Department of Environmental Quality**
Secretariat: Natural Resources
Authorization: Code of Virginia §§ 62.1-254 et seq.; 9 VAC 25-610-10

Last Assessment Period: 7-1-2001 through 9-30-2001
Last Assessment Finding: Retain.
Current Assessment Period:
Comment: Not currently scheduled for reassessment.

Surface Water Withdrawal Permit

SNR.DEQ024

Local governments that withdraw in excess of 300,000 gallons of surface water per month in a surface water management area are required to obtain a permit prior to withdrawal. The permit may establish, among other things, in-stream flow conditions that limit the volume and rate at which water may be withdrawn at certain times and conditions to protect beneficial uses.

Type: Regulation of Optional Activity
Agency: **Department of Environmental Quality**
Secretariat: Natural Resources
Authorization: Code of Virginia §§ 62.1-242 et seq.; 9 VAC 25-220-10

Last Assessment Period: 7-1-2001 through 9-30-2001
Last Assessment Finding: Retain.
Current Assessment Period:
Comment: Not currently scheduled for reassessment.

Above-Ground Storage Tank

SNR.DEQ025

Local governments owning an above-ground oil storage or handling tank with a capacity of 25,000 gallons or more must have an approved contingency plan that will ensure that the locality can take steps necessary to protect environmentally sensitive areas, to respond to the threat of an oil discharge, and to contain cleanup and mitigate an oil discharge within the shortest feasible time.

Type: Regulation of Optional Activity
Agency: **Department of Environmental Quality**
Secretariat: Natural Resources
Authorization: Code of Virginia § 62.1-44.34:15; State Water Control Board Regulation 9 VAC 25-140-10

OFFICE OF THE GOVERNOR

Executive Memorandum 1-98

Establishment of Schedule and Format for Agency Assessment of Mandates on Local Government

Purpose

To establish a process, pursuant to the provisions of Section 2.1-7.1 and Section 15.2-2903(6) of the Code of Virginia, by which the executive agencies of the Commonwealth shall critically assess and periodically reassess all the state and/or federal mandates which they administer for the purpose of determining which mandates, if any, may be altered or eliminated without interruption of local service delivery and without undue threat to the health, safety, and welfare of the residents of Virginia.

Mandates Defined

- (a) For purposes of implementing Section 15.2-2903(6) of the Code of Virginia, a mandate shall be defined as a constitutional, statutory, or administrative measure or action that places a requirement on local governments.
- (b) Mandates placing requirements on local governments shall be classified as compulsory orders, conditions of financial aid, or the regulation of optional activities. These classifications shall be defined as follows:
 - (i) Compulsory Orders are measures or actions that impose requirements with which localities must comply in the performance of their prescribed responsibilities.
 - (ii) Conditions of Financial Aid are requirements, which are imposed as a condition of receiving state and/or federal financial aid.

- (iii) Regulation of Optional Activities are measures which impose state and/or federal government requirements relative to the performance of activities that are not mandated but are subject to such regulations if performed.

Requirements

1. Assessment of Current Mandates

The executive agencies of the Commonwealth shall assess all local government mandates, which they currently administer, as determined by the Commission on Local Government and specified in the most recent edition of the *Catalog of State and Federal Mandates on Local Governments*, as follows:

- (a) All assessments performed by agencies pursuant to Section 2.1-7.1 and Section 15.2-2903(6) of the Code of Virginia shall be conducted consistent with the standardized assessment form appended to this Memorandum.
- (b) Agencies shall solicit in the conduct of each assessment evaluative comment from affected local governments on the mandate in question and shall report and respond to such comment as they deem appropriate in their assessment statements.
- (c) Agencies shall complete the assessment of all mandates within the scheduled assessment period established by the Commission pursuant to the provisions of this Memorandum.
- (d) Agencies shall submit their assessments with recommendations to the appropriate Cabinet Secretary for endorsement or amendment.
- (e) Agency assessments and Secretary review shall be initiated, conducted, and completed within the scheduled assessment period.
- (f) Completed assessments, signed by the Agency Head and approved by the Cabinet Secretary, shall be submitted by the agency to the Commission on Local Government no later than the terminal date of the scheduled assessment period.

- (g) The Commission on Local Government shall distribute copies of all completed assessments received from state agencies to the Governor, the Secretary of Administration, the Clerks of the House of Delegates and Senate, the Virginia Association of Counties (VACo), the Virginia Municipal League (VML), and to other interested parties upon request.
2. Annual Specification of Scheduled Assessment Period
- (a) Agencies shall submit to the Commission on Local Government by October 15 of each year a proposed schedule establishing specific dates for the assessment period for new or newly identified mandates, as specified in Section 4 of this Memorandum, or for the reassessment of existing mandates as may be appropriate pursuant to Section 5 of this Memorandum.
 - (b) The Commission on Local Government shall, in November of each year, adopt the schedule for assessment periods proposed by the agencies unless in its judgment substantial reason exists for modification.
 - (c) The Commission on Local Government shall submit to the Secretary of Administration and the Governor for their review and approval the schedule, which it has adopted in December of each year.
 - (d) Subsequent to the approval of the schedule of assessment periods by the Secretary of Administration and the Governor, the Commission shall forward copies of the adopted schedule to the affected agencies.
 - (e) The Commission on Local Government shall file with the Clerks of the House of Delegates and the Senate copies of all scheduled mandates assessment periods and any modifications thereof following their approval by the Secretary of Administration and the Governor. The Commission shall also file copies of the schedule and any modifications with VACo, VML, and with the Registrar of Regulations for appropriate publication in The Virginia Register.

3. Modification of Scheduled Assessment Period

- (a) With due notice and sufficient cause, approved agency assessment periods may be subsequently modified by the Commission upon request of the administering agency, affected local governments, VACo, VML, or upon its own initiative.
- (b) All modifications in agency assessment periods approved by the Commission shall be subject to the concurrence of the Secretary of Administration.

4. New and Newly Identified Mandates

- (a) Each year the Commission on Local Government shall endeavor to identify for inclusion in the subsequent annual catalog of state and federal mandates, as prescribed by Section 15.2-2903(7) of the Code of Virginia, all local government mandates not previously cataloged.
- (b) Executive agencies are directed to assist the Commission on Local Government in identifying new mandates, which they will administer and any currently administered mandates not previously identified.
- (c) Executive agencies administering such mandates shall be responsible for their assessment consistent with relevant sections of this Memorandum.
- (d) No mandate shall be subject to assessment by any agency until it has been in effect for a minimum of 24 months.

5. Reassessment of Mandates

- (a) Pursuant to Section 15.2-2903(6) of the Code of Virginia, the Commission on Local Government shall at its discretion, after consultation with the affected agencies, periodically call for scheduling the reassessment of mandates.
- (b) No mandate shall be subject to assessment more than once in any four-year period unless it has been subject to modification so substantial as to have created, in essence, a new mandate.

- (c) All reassessments shall be scheduled and conducted consistent with relevant sections of this Memorandum.

Effective Date

This Executive Memorandum supercedes Executive Memorandum 5-94 issued by Governor Allen on April 22, 1994. It shall become effective on October 13, 1998, and shall remain in force and effect until superseded or rescinded by further Executive Memorandum or by Executive Order.

Changes in Mandates Since Issuance of the 2001 Catalog of State and Federal Mandates on Local Governments

Appendix B: Changes in Mandates Since Issuance of the 2001 Catalog of State and Federal Mandates on Local Governments

Appendix B offers a condensed listing, for ease of reference, of new mandates on local governments, newly identified mandates not previously reported, significantly modified (expanded) existing mandates, mandates that have been eliminated, and other changes reflected in this 2002 edition of the catalog.

Except those mandates that were eliminated since the publication of the 2001 catalog, each mandate identified in this section has a complete entry in the body of the catalog. Mandates listed in Appendix B are grouped according to administering agency with the citations containing the short title, identification number, and the number of the page in the catalog on which the relevant entry is found.

Appendix C

Principal Federal Mandates Affecting Virginia Localities

Appendix C: Principal Federal Mandates Affecting Virginia Localities

Appendix C provides a separate listing, for convenient reference and added comment, of the principal federal mandates that affect localities in Virginia. Whereas Parts A and B of this catalog include State mandates, federal mandates, and mandates based on both State and federal sources of authority, this section lists only federal mandates. The source of authority for a particular mandate may seem inconsequential from the standpoint of a locality endeavoring to comply with numerous intergovernmental mandates, but distinguishing between federal and State mandates is important, since it is the first step in determining accountability. However, federal mandates on local governments can be difficult to identify.

First, although the federal government may impose mandates on local governments directly (e.g., the Americans with Disabilities Act), it may also do so indirectly. For example, it may require the State to impose certain mandates on localities, to be administered according to federal guidelines by State agencies as pass-through mandates (e.g., Temporary Assistance to Needy Families Program). The federal government may also require the State to administer certain programs according to State regulations, provided the State adopts the federal standards or more stringent standards of its own (e.g., the Clean Water Act). Similarly, some federal mandates direct the State to meet the requirements of one program or risk termination or reduction of assistance in another program (e.g., the Urban Mass Transportation Act of 1964). In each of these cases, an essentially federal mandate is ultimately implemented on the basis of both federal and State law.

Second, federal mandates often operate differently from State-imposed actions, and with different effects. For example, unlike State grants, federal grants to localities often include not only individual program requirements but also a variety of unrelated national policy requirements affecting civil rights, environmental protection, occupational health and safety, fair employment standards, and the like. The merit of such policies aside, compliance with these additional “cross-cutting” mandates may increase a locality’s administrative burdens and costs, as well as the opportunity costs of subordinated local priorities. Yet the federal nature of these grants-in-aid may not be apparent, if the grant programs or the associated cross-cutting mandates are administered by State agencies.

Examples of all of these types of federal mandates are found in Parts A and B of this catalog with full entries. The list provided in Appendix C, while not an exhaustive inventory of all federal mandates that affect localities, serves to identify the principal ones. Entries in this section include a short title, a brief description, and source of authority.

Virginia Statutes Affecting Mandates on Local Governments

Virginia Statutes Affecting Mandates on Local Governments

The Code of Virginia has several provisions relating to State and federal mandates imposed on local governments. Those provisions are summarized below:

AGENCY ASSESSMENT

Each State executive agency is required to assess the mandates it administers to determine which mandates, if any, may be altered or eliminated. (Code of Virginia § 2.2-613)

GUBERNATORIAL SUSPENSION OF MANDATES

The Governor may suspend for up to one year any administrative mandate imposed on a local government, except for those administered by the Department of Education, if the local government faces fiscal stress and the Governor determines that the suspension of the mandate would help alleviate the fiscal hardship faced by the local government. Before the mandate is suspended, information regarding the request for a suspension must be published in the Virginia Register. The Governor also must report annually to the General Assembly on any local requests for a mandate suspension and his response to the request. (Code of Virginia § 2.2-113)

REVIEW OF COST ESTIMATES OF MANDATES

The Virginia Advisory Commission on Intergovernmental Relations, upon request of the Virginia Association of Counties, the Virginia Municipal League, or any local government, may review the cost estimates prepared by the Commission on Local Government pursuant to § 30-19.03 or executive agency assessments of mandates pursuant to § 2.2-613. The Commission shall report its findings to the Governor and General Assembly on or before the first calendar day of any regular legislative session. (Code of Virginia § 2.2-2507)

FEDERAL MANDATES

The Implementation of Federal Mandates Act establishes a procedure by which the Governor and General Assembly will critically review all State agency budgetary requests resulting from federal mandates to ensure that federally mandated programs are properly based on federal constitutional and statutory authority and are implemented in the most cost effective manner possible. State agencies are directed to

report to the Department of Planning and Budget any monetary savings and reduced regulatory burdens that could be effected by alternative strategies for implementation of federal mandates designed to meet the intent of federal statutes without having to follow all applicable federal guidelines. (Code of Virginia §§ 2.2-618 and 2.2-619)

PILOT PROGRAM FOR REGULATIONS

An agency proposing a regulation imposing a statewide mandate shall consider, where appropriate, implementing the mandate on a limited basis with a representative number of localities. Such a pilot program may be used to determine the effectiveness or impact of proposed regulations prior to statewide adoption. (Code of Virginia § 2.2-4010)

ASSESSMENT SCHEDULE AND CATALOG

The Commission on Local Government is required to coordinate the assessment of mandates which agencies must conduct. The Commission must establish a schedule for the assessment of mandates and advise the Governor and the General Assembly as to which mandates, according to the assessments, can be altered or eliminated without interruption of local service delivery or undue threat to the health, safety, and welfare of residents. No assessment shall be required to be performed more than once every four years. The Commission is also required to prepare, and annually update, a catalog of State and federal mandates imposed on local governments, including, where available, a summary of the fiscal impact of new mandates. (Code of Virginia § 15.2-2903)

FISCAL IMPACT STATEMENTS

The Commission on Local Government is required to prepare a fiscal impact statement on legislation which may require local governments to render a new service or expand any existing service, or which may require a net reduction in revenues by any county, city, or town. The Division of Legislative Services is directed to refer any legislation appearing to meet that criterion to the Commission for the preparation of the fiscal impact statement. No bill that mandates a net additional expenditure for a locality may be considered by the General Assembly unless filed on or before the first calendar day of the session or unless otherwise specifically exempted. (Code of Virginia §§ 30-19.03, 30-19.03:1, and 30-19.03:1.1)

AGENCY ASSESSMENT

§ 2.2-613. Agency mandates on localities; assessment. – Pursuant to § 15.2-2903, all agencies, as defined in § 2.2-128, shall conduct an assessment of all mandates imposed on local governments administered by such agency to determine which mandates, if any, may be altered or eliminated.

GUBERNATORIAL SUSPENSION OF MANDATES

§ 2.2-113. Temporary suspension of state mandates. – The Governor may suspend, temporarily and for a period not to exceed one year, any mandate, or portion thereof, prescribed by an administrative department, division or agency of the executive branch of government on a county, city, town, or other unit of local government upon a finding that such local government or other unit of local government faces fiscal stress and the suspension of such mandate or portion thereof would help alleviate the fiscal hardship of the local government or other unit of local government.

No application shall be made by the locality until approved by resolution of the governing body.

At the time of application, the following information shall be published in the Virginia Register: (i) the name of the petitioning locality, (ii) the mandate or portion thereof requested to be suspended, (iii) the impact of the suspension of the mandate on the ability of the local government to deliver services, (iv) estimated reduction in current budget from such suspension, and (v) the time period requested for suspension. Publication in the Virginia Register shall occur at least twenty days in advance of such suspension by the Governor.

No later than January 1 of each year, the Governor shall submit to the General Assembly a report that identifies each locality and petitioning body, the mandate or portion thereof for which suspension has been sought, and the response provided to the locality.

Nothing in this section shall apply to the Department of Education.

In making a determination of fiscal stress, the Governor may give consideration to, but not be limited to, the following factors: any changes in anticipated revenue, income distribution of residents, revenue effort, revenue capacity, and changes in local population and employment levels.

REVIEW OF COST ESTIMATES OF MANDATES

§ 2.2-2507. Duties of Commission. – A. The Commission shall have the following duties:

1. Act as a forum for identifying areas of mutual concern to local and state officials, discussing and offering recommendations on issues affecting local governments and, in particular, those issues affecting the relationship of the Commonwealth with its various local governments.

2. Advise on state and federal programs and policies;

3. Identify, discuss, and bring into focus statewide opportunities and issues regarding local government;

4. Arrange conferences between officials of local governments and state agencies, when appropriate;

5. Formalize proposals for coordination and cooperation between the Commonwealth and its local governments;

6. Discuss state assistance to local governments, including financial, technical, and policy issues;

7. Review services and shared programs between state and local governments, such as constitutional officers, health, welfare and corrections; and

8. Provide information on and assist in soliciting federal grants.

B. The Commission, upon the request of the Virginia Association of Counties, the Virginia Municipal League, or any local governing body, may review the cost estimates prepared by the Commission on Local Government pursuant to § 30-19.03 or executive agency assessments of mandates pursuant to § 2.2-613.

STATE PROGRAMS TO IMPLEMENT FEDERAL STATUTES

§ 2.2-618. State programs to implement federal statutes. – Any agency of the executive branch of state government that is authorized to develop a state program to implement any mandates contained in a federal statute shall develop the state program and adopt any necessary regulations using the following criteria:

1. State programs shall be developed by the agency to meet the requirements of federal statutes in good faith with a critical view toward any federal regulations, guidelines, or policies.

2. State programs shall be developed with due consideration of the financial restraints of the Commonwealth, local governments, and the citizens of Virginia.

3. Any state program that implements the goals of the federal statute shall use the most efficient method possible with careful consideration given to cost of the program and the impact of the program on Virginia

citizens and local governments, and the long-range public health, safety, and welfare of citizens of the Commonwealth.

§ 2.2-619. Governor to report to the General Assembly. – A. The Governor shall report to the General Assembly regarding the proposed implementation of this section.

B. If any state program is authorized or mandated by a federal statute, no state funds for the program shall be appropriated unless:

1. The state program is necessary to protect the public health, safety, and welfare;
2. The state program is necessary to implement the federal statute;
3. The operation of the state program benefits the state by providing a cost-effective implementation of the federal statute by the Commonwealth, local government, and business; or
4. The state program benefits the Commonwealth, local government, and business by providing a cost-effective means to meet a higher public health, safety, and welfare standard established under state law.

C. Each agency making a budget request for state appropriations for a state program authorized or mandated by federal statute shall include in its budget request citations to the federal constitutional provisions and the state constitutional or statutory provisions that authorize the state program. The Governor shall review the budget request and determine whether additional state statutory authority is required in order to implement the state program and shall make recommendations to the General Assembly.

D. The General Assembly, after receiving a recommendation from the Governor, shall determine whether a state program is necessary and whether federal constitutional authority and state constitutional or statutory authority exist. The General Assembly shall exercise a critical review toward the interpretation of the federal statute found in federal regulations, guidelines, or policies. Enactment of state appropriations for a state program shall constitute the General Assembly's determination that the state program is necessary and that federal constitutional authority and state constitutional or statutory authority exist. State appropriations may not be based solely on requirements found in regulations, guidelines, or policies of a federal agency.

E. Prior to recommending to the General Assembly any budget for an agency that is charged with implementing federal mandates, the Governor shall request that the agency provide information to the Department of Planning and Budget regarding any monetary savings for the state and any reduction in regulatory burdens on the public and on local governments that could be or have been achieved through the development of state policies that meet the intent of the federal statute but do not necessarily follow all applicable federal regulations, guidelines,

or policies. The agency shall also provide advice to the Department of Planning and Budget regarding any changes in law that are necessary to provide the agency the authority to implement state policies in such a way as to create additional savings or greater reductions in regulatory burdens. The Department of Planning and Budget shall review and compile the information received from agencies pursuant to this section and shall include recommendations in the executive budget.

F. For purposes of this section, "state program" shall not include any portion of a program that is funded with nontax or nonfee revenue, or both, which state authorities are required to administer in a trusteeship or custodial capacity and which are not subject to appropriation by the General Assembly.

PILOT PROGRAM FOR REGULATIONS

§ 2.2-4010. Pilot programs for regulations imposing local government mandates. – Where an agency proposes to consider the exercise of authority to promulgate a regulation that will impose a statewide mandate on the Commonwealth's localities, the agency shall consider, where appropriate, implementing the regulation on a limited basis with a representative number of localities. An agency may use such a pilot program to determine the effectiveness or impact of proposed regulations prior to statewide adoption.

ASSESSMENT SCHEDULE AND CATALOG

§15.2-2903. General powers and duties of Commission. –

The Commission shall have the following general powers and duties:

1. To make regulations, including rules of procedure for the conducting of hearings;
2. To keep a record of its proceedings and to be responsible for the custody and preservation of its papers and documents;
3. To serve as a mediator between localities;
4. To investigate, analyze, and make findings of fact, as directed by law, as to the probable effect on the people residing in any area of the Commonwealth of any proposed action in that area:
 - a. To annex territory,
 - b. To be declared immune from annexation,
 - c. To establish a town or independent city,
 - d. To settle or adjust boundaries between localities,
 - e. To make a transition from city status to town status,
 - f. To make a transition from a county to a city,
 - g. To consolidate two or more localities, at least one of which is a county, into a city, or
 - h. To enter into economic growth-sharing agreements among

localities;

5. To conduct investigations, analyses and determinations, in the sole discretion of the Commission, for the guidance of localities in the conduct of their affairs upon the request of such localities;

6. To receive from all agencies, as defined in § 2.2-128, assessments of all mandates imposed on localities administered by such agencies. The assessments shall be conducted on a schedule to be set by the Commission, with the approval of the Governor and the Secretary of Administration, provided that the assessments shall not be required to be performed more than once every four years. The purpose of the assessments shall be to determine which mandates, if any, may be altered or eliminated. If an assessment reveals that such mandates may be altered or eliminated without interruption of local service delivery and without undue threat to the health, safety and welfare of the residents of the Commonwealth, the Commission shall so advise the Governor and the General Assembly;

7. To prepare and annually update a catalog of state and federal mandates imposed on localities including, where available, a summary of the fiscal impact on localities of all new mandates. All departments, agencies of government, and localities are directed to make available such information and assistance as the Commission may request in maintaining the catalog; and

8. To perform such other duties as may be imposed upon it, from time to time, by law.

FISCAL IMPACT STATEMENTS

§ 30-19.03. Estimates to be prepared for legislation affecting local government expenditures and revenues. – Whenever any bill requiring a net additional expenditure by any county, city, or town, as defined in § 30-19.03:1, or whenever any bill requiring a net reduction of revenues by any county, city, or town, as defined in § 30-19.03:1.1, is filed during any session of the General Assembly, the Commission on Local Government shall investigate and prepare an estimate setting forth, to the extent practicable, the additional expenditures or reduction of revenues, if any, to be required of the affected localities in event of enactment of such legislation. The Division of Legislative Services shall examine all bills filed during any legislative session for the purpose of identifying and forwarding to the Commission on Local Government those bills requiring the preparation of fiscal estimates pursuant to this section.

As soon thereafter as may be practicable, the Commission on Local Government shall forward copies of such estimates to the Clerk of the House of Delegates for transmittal to each patron of the legislation and to the chairman of each committee of the General Assembly to consider the same.

All departments, agencies of government, the Division of Legislative Services, and all local governmental units of the Commonwealth are directed to make available such information and assistance as the Commission on Local Government may request in preparing the estimates required by this section.

§ 30-19.03:1. Bills requiring net additional expenditures by local governments to be filed by first calendar day of session. – No bill which mandates a net additional expenditure by any county, city, or town shall be considered by the General Assembly at a regular session unless the bill has been filed on or before the first calendar day of any session of the General Assembly, unless requested by the Governor or is filed in accordance with the rules of the General Assembly. A bill shall be deemed to mandate an expenditure if it has the effect of requiring any county, city, or town to (i) perform or administer a new or expanded program or service, (ii) maintain an existing program or service at a specified level of spending or delivery, (iii) assume or incur administrative costs in support of a state or state-related program, or (iv) furnish capital facilities for state or state-related activities.

For purposes of this section, "net additional expenditure" means the cost anticipated to be incurred annually, less any revenues receivable on account of the program or service from fees charged recipients of the program or service, state or federal aid paid specifically and categorically in connection with the program or service, new or increased local sources of revenue authorized and designated specifically to offset the cost of the program or service, and any offsetting savings resulting from the reduction or elimination of any program or service directly attributable to the performance of the required program or service.

The provisions of this section shall not apply to a program or service that is required or arises from a court order or judgment, nor to a program or service that is provided at the option of the county, city, or town under a law that is permissive rather than mandatory.

The enactment of any statute that mandates a net additional expenditure by any county, city or town shall be conclusive proof that the procedural requirements of this section have been satisfied or waived.

§ 30-19.03:1.1. Bills requiring net reduced revenues by local governments to be filed by first calendar day of session. – No bill which mandates a net reduction of revenues collected by any county, city, or town shall be considered by the General Assembly at a regular session unless the bill has been filed on or before the first calendar day of any session of the General Assembly, unless requested by the Governor or filed in accordance with the rules of the General Assembly. A bill shall be deemed to mandate a net reduction of revenues if it has the effect of requiring any county, city, or town to (i) relinquish an existing or

potential source of local revenue by classification or exclusion or (ii) diminish an existing or potential source of revenue by classification or exclusion.

For the purposes of this section, "net reduction of revenues" means the reduction anticipated in local revenues, including, but not limited to, general levies, special levies, revenues received pursuant to §§58.1-605 and 58.1-606 and administrative and user fees, to be incurred annually, less any new local revenues receivable and any offsetting savings resulting from the reduction of local revenues, caused by the classification or exclusion being proposed.

The provisions of this section shall not apply to a reduction in local revenues that is required or arises from a court order or judgment, nor to a revenue reduction that is adopted at the option of any county, city, or town under a law that is permissive rather than mandatory, nor to a revenue reduction which is the result of a measure providing tax relief on a statewide basis. Further, and notwithstanding any other law, the General Assembly may consider tax relief measures at any time in which the Assembly is in regular or special session.

The enactment of any statute that mandates a net reduction of revenues for any county, city, or town shall be conclusive proof that the procedural requirements of this section have been satisfied or waived.
